WELCOME LETTER: **ANNE FISCHGRUND**

Dear Race Fans,

Welcome to the Borchetta Bourbon Music City Grand Prix presented by OnlyBulls!

As the gates open at Nashville Superspeedway, we're proud to welcome you to a one-of-a-kind weekend that could only happen in Nashville: Race Day. Match Day. Music City.

When you join us for the Fastest Racing on Earth, you're getting much more than the NTT INDYCAR SERIES and INDY NXT by Firestone. This year, fans will also experience the official FOX Sports World Cup Watch Party and a concert lineup worthy of our Music City namesake, all in one unforgettable weekend.

The rhythm and sound of Music City will be captured in a special appearance by the Backbeat Troubadours! Multi-platinum music producer, deadmau5 will headline this year's concerts. With a unique ability to blend sound, deadmau5 will be the perfect intro for this year's Borchetta Bourbon Music City Grand Prix presented by OnlyBulls!

These incredible opportunities wouldn't be possible without our partners at FOX, who selected the Borchetta Bourbon Music City Grand Prix presented by OnlyBulls to be center stage as they conclude the World Cup. Nashville knows how to put on a show, and when the world's attention turns to Nashville Superspeedway after the final whistle, we're ready to deliver an event they won't forget!

As we celebrate the sixth running of the Borchetta Bourbon Music City Grand Prix, I want to extend a special thank-you to Scott Borchetta, founder of Borchetta Bourbon. Scott's unwavering commitment to INDYCAR and the Middle Tennessee community has been instrumental in the growth and success of this event. Simply put, we wouldn't be here without his vision and support.

I'm also grateful to Todd Ault and OnlyBulls for joining us as presenting sponsor. Their growing partnership with the INDYCAR community reflects a shared commitment to innovation, and we're excited to have them helping bring this event to life.

A heartfelt thank you also goes to Matt Greci and the entire team at Nashville Superspeedway. As we enter our third season at the track, we're continuing to build on our momentum and deliver an even better experience for fans. Lebanon has again become home for INDYCAR in Middle Tennessee.

Most importantly, thank you to the fans. Whether you're a lifelong local or visiting from across the country, whether you're in the campgrounds, the grandstands, or anywhere in between, you are the reason this event exists. Your passion, energy and support fuel everything we do.

Watching all of you celebrate with hometown hero Josef Newgarden after last year's race was a powerful reminder of what makes this event so special. Moments like that are what we work for, and I can't wait to see the memories we create together this year.

Thank you for being part of this incredible weekend.

WELCOME LETTER: **SCOTT BORCHETTA**

Welcome Race Fans!

It's time to get revved up for the 2026 Borchetta Bourbon Music City Grand Prix presented by OnlyBulls!

When we brought the Fastest Oval Racing Series On Earth to the Nashville Superspeedway, fans asked if the racing could match the hype. The answer came fast and furious — and it came in the form of 653 on-track passes. SIX HUNDRED AND FIFTY-THREE. The legend of this place is just getting started.

This year we share the same date as the World Cup Finale on Fox and the at-track watch party will no doubt match the energy and excitement of our modern-day gladiators blazing around Nashville's 1.33 mile oval at more than 200 mph.

The NTT INDYCAR SERIES has been dominated by Alex Palou for the last five seasons in his Chip Ganassi DHL #10 Honda. After the first eleven races of the year, Alex comes to Nashville in the same position he left it for the 2025 finale, sitting high atop the points standings.

The path to the Championship runs through Alex and he's in no mood to let anybody claim his crown. While on pace to be an all-time great, the title is absolutely, undeniably, still alive. To be the best, you gotta beat the best and those that are up for the challenge include Team Penske's David Malukas, Andretti Global's Kyle Kirkwood, and Arrow McLaren's Christian Lundgaard.

Here's what makes tonight electric: the field is catching up to Palou, and the once bulletproof Ganassi race strategies have not proven to be nearly as keen as in years past. There are nicks and cuts in Palou's armor, and the competition smells blood.

So, who's it going to be? Does Palou lock down Nashville and silence the doubters? Does Malukas or Kirkwood make a championship statement in the biggest oval race of the second half? Does Lundgaard carry his Road America momentum into Tennessee? Or does Newgarden remind everyone — on home soil — exactly why he belongs in the conversation?

One thing I know for certain: nobody is lifting tonight and nobody is playing it safe. This is 200mph, wheel to wheel, with all bragging rights on the line. And this track — YOUR track — delivers like nowhere else on earth.

The fastest drivers in the world are ready... Our 2026 Borchetta Bourbon is ready... Neat, on the rocks, or an Old Fashioned, it's your call and it's all to play for... It's time...

LET'S DO THIS... DRIVERS... TO YOUR CARS...

To the checkers and beyond,

Scott Borchetta

Chairman, Big Machine Records/Borchetta Bourbon

WELCOME LETTER: MARK MILES

Dear INDYCAR Fans:

Welcome to the Borchetta Bourbon Music City Grand Prix presented by OnlyBulls, the 12th race of the 2026 NTT INDYCAR SERIES schedule.

INDYCAR is committed to delivering a comprehensive fan experience through outstanding entertainment and thrilling competition as our drivers take on the challenges presented by Nashville Superspeedway's 1.33-mile concrete oval.

This will be the 11th time INDYCAR SERIES cars have raced at Nashville Superspeedway and 14th time the series has visited Music City. Whether this is your first time at an INDYCAR race weekend or you have been to many over the years, we are thrilled for you to witness the excitement of INDYCAR SERIES racing. Pairing this weekend with the World Cup Final and the activities surrounding it will make an atmosphere like few others, so we urge you to take in as much as possible and enjoy it all.

All weekend, you'll see the fastest racing on earth, which serves as a true proving ground for our talented drivers as they compete for the most challenging championship in motorsports.

I think you'll find the NTT INDYCAR SERIES offers some of the most daring athletes in sports, including reigning NTT INDYCAR SERIES champion Alex Palou, who is seeking a record-tying fourth-straight INDYCAR SERIES crown. But you can also cheer for newcomers like Mick Schumacher and Dennis Hauger, established stars like Pato O'Ward, Kyle Kirkwood, Christian Lundgaard, Scott McLaughlin and David Malukas, or record-chasing legends in the making such as Scott Dixon, Josef Newgarden and Will Power.

While here in Middle Tennessee, we invite you to download the INDYCAR App powered by NTT DATA on your smartphone to get behind-the-scenes driver features, live timing and scoring, in-car cameras and more information to help you follow the action.

Also, follow the NTT INDYCAR SERIES online at INDYCAR.com, on Instagram, X, Facebook, YouTube and TikTok (@INDYCAR), and keep track of INDY NXT by Firestone at indynxt.com or on Instagram, X, Facebook and TikTok (@indynxt)

Thank you for your continued support. INDYCAR appreciates your attendance this weekend. We are glad you can experience the speed, action and excitement that defines INDYCAR SERIES racing.

Enjoy the weekend!

HONDA

PROUD PARTNER OF TEAM USA

Every great innovation has the ability to improve. The Honda Prelude first arrived in 1978—our answer to a calling that all great cars should also move the driver emotionally. As a front-wheel-drive coupe with sporty, upscale dynamics, it redefined what a sports car could be for everyday roads. The vehicle favored feel over flash, but more importantly, perfectly embodied the **joy** of driving, a core Honda philosophy encompassing the connection between driver and car.

Joy is more than just an emotion—it's an engineering target. One that Honda engineers kept top **of** mind when designing the new 2026 Prelude. By innovating a two-motor hybrid system paired with flowing, aerodynamic proportions and a wide stance with a low center of gravity, the vehicle has been fine-tuned for not just efficiency, but also performance—so much so that the **driving** experience has been likened to a glider soaring through the sky: graceful, fluid, and, above all, exhilarating.

Of all its new technologies, none better captures the spirit of the Prelude than Honda S+ Shift, which enhances how the vehicle **drives** by augmenting three of its drive modes. With a simple button push, S+ Shift maximizes the synchronization between driver input and vehicle response for a truly intuitive driving experience felt through the senses. This is more than mechanical excellence; it's the next step in mechanical connection, where engineering meets instinct.

Building upon our legacy of innovation, **everything** built into the new Prelude was done so with intention: the smooth silhouette, the stable suspension, the special height-to-width ratio. Each feature **we** designed was done to elicit a feeling—a feeling we refer to as the “joy of driving,” the philosophy that feeds our most ambitious and innovative desires. Because at the end of the day, we only **create** what we believe drivers deserve. And that's exactly what the Prelude was built for: an experience that stirs the soul.
